

ASSIGNMENT-I

As a first step of the screening process, you are required to take this assignment.

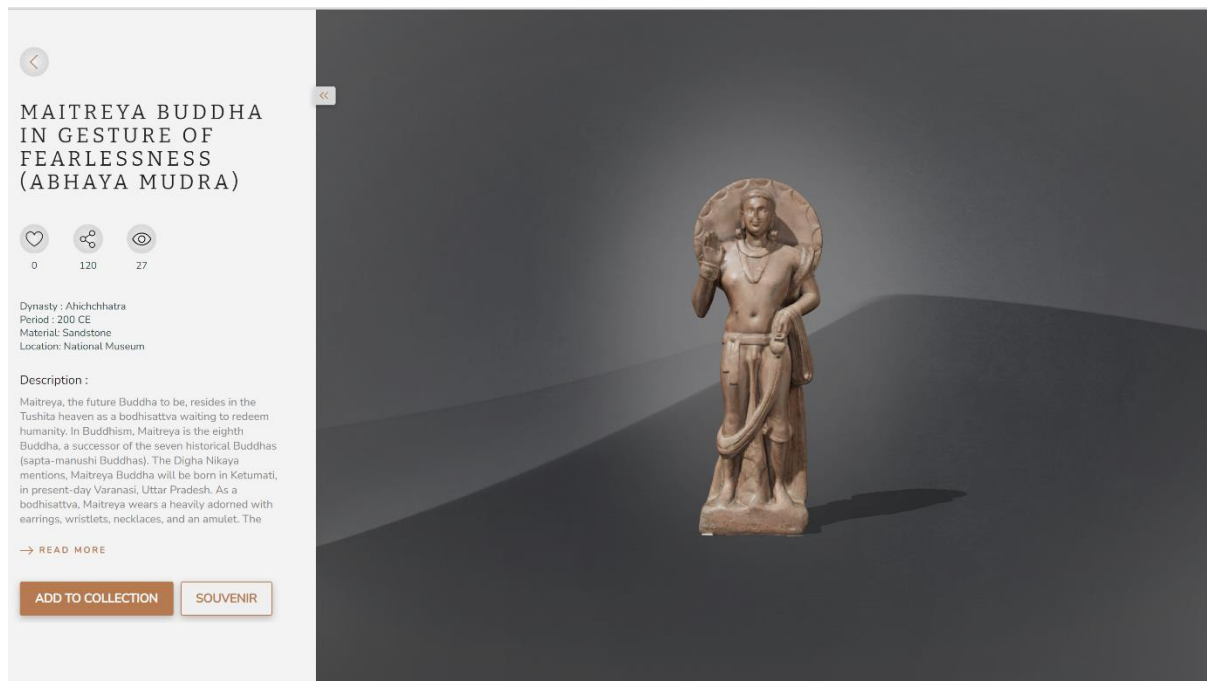

Your assignment is to make a web app similar to the image attached with the following terms

- Web app shall be very close to the design.
- Should work on mobile
- Should have the functionality to toggle, i.e to close and open the left sidebar
- Tech stack react 18+, Html ,CSS, JS
- Clean code
- Well tested for any UI bugs.

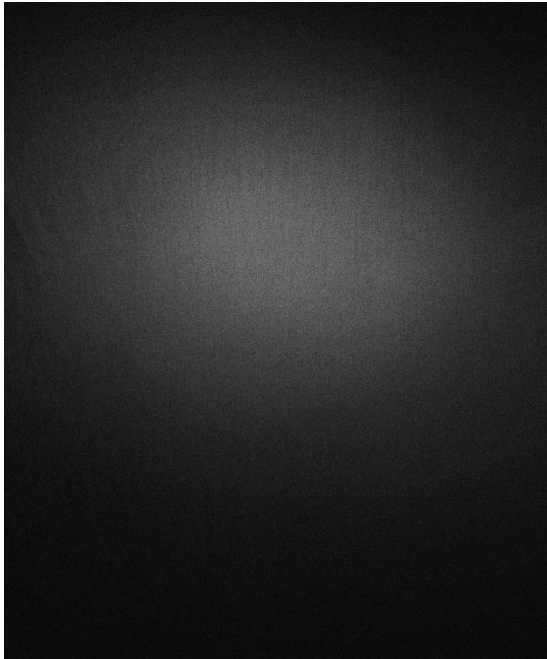

Note:- The section toward the right side of the UI has 2 images, one is the grey background image, and over it is the statue image.

The timeline for the completion is 3 days from the date of the assignment assigned to you.

Kindly send the assignment as a web link.

-The sample grey background image.

-This is the statue image.
